

Important Ordering Information: Please note that all parts manufacturers do not use standardized naming conventions. For instance, Arctic describes the top item (below) as a Half Shaft, whereas MMPS identifies this same item as a Complete Shaft. Likewise, Honda sells the bottom item (below) as a Shaft Set and MMPS lists this item as a Half Shaft. Please be sure to review the product details of the items you are ordering. Extra attention at the time you place your order will prevent product returns and order delays and help to ensure a successful shopping experience.

Complete Shaft - (Includes Inner CV)

Half Shaft - Inboard CV Not Included
